Book Description

How to Create a Better Me and Know the Right Mate *Teacher's Manual*

This is the instructor's handbook for the Create a Better Me Workbook. It is used by churches and similar Christian organizations that hold seminars or classes to motivate people to focus on their purpose. It gives questions to ask students to help them to think of their actions and values. The goal of the teacher is to renew the minds of the students and set their feet on a path that leads toward God's destiny for their lives.
